

## MICHAEL HAMMES AND DESCENDENTS

AFTER SIX YEARS OF SEARCH AND BEGGING FOR COOPERATION I HAVE CLOSED THE INPUT OF THE MICHAEL HAMMES AND DESCENDENTS BOOK. IT HAS INDEED BEEN AN EXPERIENCE AND WORTHWHILE TIME. I HAVE MET AND HEARD FROM SO MANY WONDERFUL RELATIVES THAT I HAD NEVER KNOWN.

THE BOOK IS MADE UP OF THE MICHAEL HAMMES FAMILY TREE CONSISTING OF THE NAMES, BIRTH DATES, DEATH DATES, MARRIAGE DATES AND LOCATIONS (WHERE FURNISHED) OF 3600 PLUS DESCENDENTS. THERE ARE 285 PAGES OF WHICH 80 ARE COLORED PICTURES OF FAMILIES FURNISHED. THE BOOK COVERS SEVEN GENERATIONS FROM THE TEN CHILDREN OF MICHAEL JR. THERE IS A FAMILY PICTURE OF THE FAMILY AND SOME HISTORY OF GERMANY AND ACCOMPLISHMENT, AND THE TRAGEDY IN SIGOURNEY IA. THERE IS AN INDEX BY FAMILY SIR NAMES.

I WILL BE AT THE HAMMES FAMILY REUNION JUNE 29, 1997 AT SIGOURNEY IA. IF YOU ARE INTERESTED IN A BOOK OR PART OF THE BOOK. THE COLORED PICTURES HAVE MADE THE BOOK RATHER EXPENSIVE FOR MANY SO I HAVE MADE BOOKS OF EACH OF THE 10 SIBLINGS AS LISTED BELOW.

## MICHAEL HAMMES AND DESCENDENTS

### PROLOGUE

THIS IS AN ATTEMPT TO PUT INTO CHRONOLOGICAL ORDER THE PROGRESSION OF THE MICHAEL HAMMES FAMILY TREE. MY GRANDMOTHER WAS MARGARATA HAMMES JACOBS. IN A BOOK (JACOBS/MICHALSKI HISTORY) I PUBLISHED IN 1987 MICHAEL HAMMES WAS MENTIONED WITH BIRTH PLACE AND DATES, LEONARD HAMMES A GRANDSON OF JACOB HAMMES, BECAME INTERESTED AND MADE A TRIP TO GER. MANY AND BROUGHT BACK INFORMATION FROM ST. MATTHIAS CHURCH IN TRIER. THIS INFORMATION CORRECTED BOTH THE DATE OF DEATH OF OUR GREAT GRAND MOTHER BUT ALSO THE BIRTHPLACE OF MICHAEL.

HAVING LITTLE KNOWLEDGE OF THE HAMMES SIDE OF THE FAMILY I SET OUT TO LEARN. WHEN I WAS YOUNG MY FATHER NICHOLAS JACOBS USED TO MAKE TRIPS TO SIGOURNEY AREA OF IOWA TO VISIT HAMMES, HOWEVER HE NEVER TOOK THE FAMILY. HE ALSO VISITED IN POCHONTAS IOWA. SO WITH THIS KNOWLEDGE AND THE PORTSMOUTH IA. CENTENNIAL BOOK WHICH COVERED THAT AREA, I WAS READY TO GO.

I WANT TO THANK **CHARLES ROSMANN** FROM MUSCATINE IA FOR ALL THE LEG WORK HE DID FOR ME IN THE EASTERN PART OF IOWA, ESPECIALLY THE INTRODUCTION TO THAT GEM OF KNOWLEDGE, **MARGARET REED** WHO SENT ME **JERRY JACKSON'S** BOOK ON THE PETER FAMILY, PLUS MANY CONTACTS.

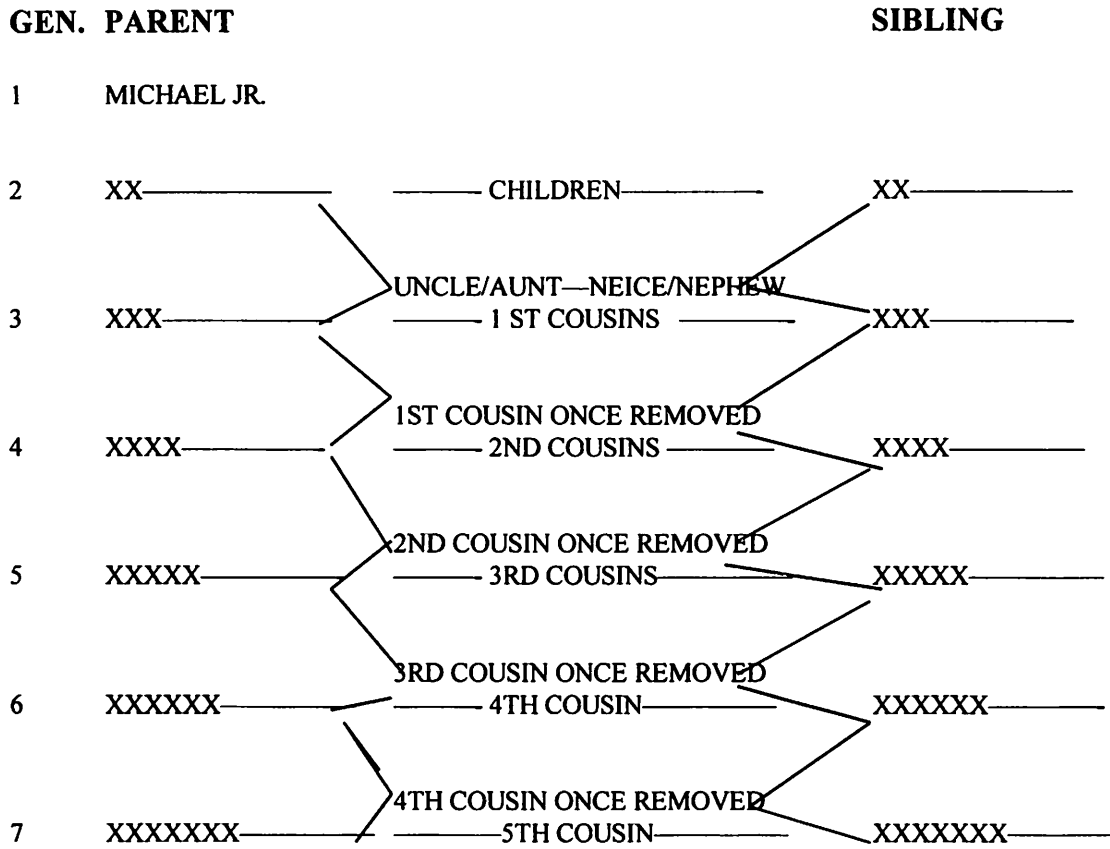

A TRIP TO THE HAMMES REUNION(1995) TO SHOW WHAT I HAD STARTED, GAVE ME THE PUSH AND THE HELP TO FINNISH THE PROJECT. I WANT TO THANK **ALVA AND ELIZABETH BAKER** *Isabelle* FOR FINISHING THE NICHOLAS FAMILY, **LEONARD HAMMES** FOR THE FAMILY PICTURE AND THE PICTURE OF MICHAEL I USED FOR THE COVER. **FORREST HAMMES** FOR THE COAT OF ARMS. **MARY HALLMAN** FOR THE JOHN HAMMES FAMILY AND FOR THE PORTSMOUTH GROUP **BONNIE JACOBS** FOR EMMA LEINEN, **BARBARA HELLER** FOR FRANK HAMMES, **DONALD HAMMES** FOR MICHAEL III HAMMES, **JOHN E KORTH** FOR SUSAN HAMMES KORTH AND **PAUL DONOVAN** WHEN JOHN DIED. THANKS TO **MILDRED REINIG** FOR THE ANNA LEINEN FAMILY AND ALL THOSE WHO ANSWERED MY LETTERS TO FILL OUT THEIR FAMILIES.

### HAMMES FAMILY TREE NUMBERING

THE HAMMES TREE STARTS WITH MICHAEL JR. AS NUMBER 1. EACH SUCCEEDING BIRTH WILL BE NUMBERED BY THE SEQUENCE IN WHICH THEY WERE BORN. EXAMPLE: NICHOLAUS WAS THE 1ST CHILD OF MICHAEL THEREFORE, HIS NUMBER IS 11. 2ND GEN. CLARA IS THE 6TH CHILD OF NICHOLAUS THUS 116, 3RD GEN. AND CHARLES IS THE 10TH CHILD OF CLARA THUS 116(10) THE 4TH GENERATION. A NUMBER IN PERENTHUS IS CONSIDERED ONE DIGIT OR ONE GENERATION. THE WAY TO READ THESE DIGITS IS TO BEGIN WITH THE END DIGIT AND READ LEFT ALWAYS.

Residents of Sehndorf are now in attendance for the purpose of giving up their claim to several pieces of land, which will be identified herein, belonging to them solely or as usufruct.

TODAY those parcels of land, lying within the jurisdiction of Perl and which will be enumerated hereafter, are being offered for sale on open auction (bid) under the below listed stipulations set by the undersigned Wilhelm? SONS, State's Notary at the Assize Court, District of Trier, seated in Perl.

1) The Seller will furnish the Buyer all the pertinent documentation concerning any prior Eviction Proceedings or Interventions (Foreclosures) and guarantee that the real estate is free of debt and mortgages. These Warranties will be supplied by each and every one of the individual Sellers as applying to the particular Parcel of Land belonging to them.

being responsible for the Property Taxes and levies and other fees, beginning on the first of January of the following year, until, at the earliest possible time and at his (your) own expense, the transference of ownership is recorded in the Court's Landregister.

3) The correctness of the Landregister, the reckoning and recording of the location and measurements of the Purchased Property is not the responsibility of the Buyer and should there possibly be somewhat more or less acreage, the advantage or loss accruing to the Buyer shall go unremarked.

4) The amount of the successful bid will be paid in three installments, namely, on Saint Martin's Day or the 11th of November of the next immediate year and on the same day both of the two immediately succeeding years, each installment is one third the whole purchase price plus five percent interest accrued from the 11th of November of the current year.

5) Along with the principal and at the same time as the first installment each Buyer has to add two silver Groschen for each dollar

of the Purchase Price to help defray the cost incurred by the Seller at time of the sale.

6) All payments on the Principal and Adjuncts are made to the Auctioneers themselves and to be sure, to the same party each year at maturity or more closely known as the due date, either at Perl or Sohndorf where the Purchase Price and Levies were published.

7) Whoever does not make the Payments at the specified time and continues to be tardy has the entire arrears to bring current to avoid collection without prejudice.

8) Upon demand, each Purchaser either immediately at the closing of the sale or still at any time later must name a registered Citizen who agrees to stand surety for the amount of the Purchase Price and its Adjuncts as being forthwith the subject of a collection action against him.

As mandated by the Court, in the presence of the Parties who Requisitioned the Scheduled Auction and the appointed Witnesses, these Stipulations were

## HOW IT WORKS

## GARBAGE DISPOSER

BY STEVE TOTH,

George Retseck

• These days, being concerned about the environment means more than just driving fuel-efficient cars with reduced emissions. Our overwhelming solid-waste problem has made us all more conscious of what we throw away—and where it goes. You may be surprised to know that there's one common household appliance that not only makes your life easier, but can help play a small, but important, part in managing solid waste effectively—a garbage disposer.

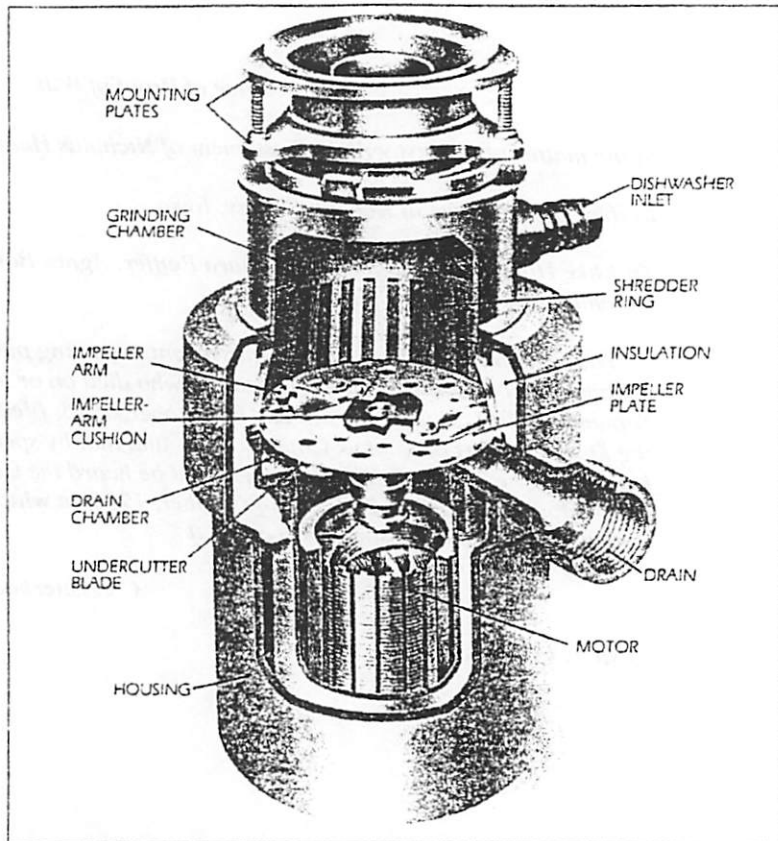

This specialized kitchen accessory plays its ecologically appropriate role by changing the final resting place of solid waste generated in food preparation and cleanup. Instead of ending up in your local landfill, a garbage disposer routes it through the sewer system where it's handled by a sewage-treatment plant.

Here, the waste decomposes much faster and can later be turned into fertilizer or a ground conditioner. In this way, food waste is returned to the earth to help support plant and vegetable growth. And, if your home is serviced by a private septic system, the waste from a garbage disposer can help encourage the bacterial action necessary for a smooth-running septic system.

### In the beginning

The disposer was invented in the late 1920s by John Hammes, a Wisconsin architect, and his creation eventually led to the founding of the In-Sink-Erator Manufacturing Co. The premise was simple: Rather than bag the garbage and carry it out for the garbage collector, why not grind it up and flush it down the drain?

After about 10 years of design development, the first disposers became commercially available. Since then, continued refinements and improvements from several manufacturers have produced the compact, quiet, under-the-sink appliance we know today. Attached directly to the sink drain hole, today's garbage disposer comes in a range of sizes and

A garbage disposer is secured to the sink drain with mounting plates. Waste enters grinding chamber and is forced against shredder ring by spinning impeller plate and arms.

capacities, and many are designed for easy, do-it-yourself installation. Nearly 50% of all homes in this country have a garbage disposer hooked up to the kitchen sink.

### Looking inside

Many people visualize a garbage disposer as a kind of blender with long sharp knives whirling at high speeds waiting to gobble up anything that comes near—including your fingers. And, while you shouldn't stick your fingers into the chamber, the fact is, most units are more like motorized, rotary cheese graters: Rather than chop up the waste, it's ground up into small bits. Along with water from the tap, the waste then flows down the drain to enter the sewage-treatment system.

While specific designs vary from manufacturer to manufacturer, most garbage disposers operate in the same way. The shaft of a compact electric motor is attached to a round, rotating impeller plate with holes in it. Typical motors range from 1/3 to 1 horsepower, and are usually either induction motors or permanent magnet

motors. Riveted to the plate are two pivoting impeller arms.

As the motor spins at high speed (some models operate at up to 2700 rpm), the impeller arms swing to the outside of the plate, due to centrifugal force, and are held at this position by the impeller-arm cushion. Around the outside of the plate is the shredder ring. This stationary ring has either vertical cutting teeth or holes that do the actual grinding up of the food waste. On better models, the grinding components are made of corrosion-resistant stainless steel or cast nickel. Other units may feature galvanized steel components. Grinding chambers are either plastic or stainless steel.

### Grinding action

When the waste is fed into the garbage disposer, it fills the grinding chamber and lands on the impeller plate. Typical grinding chamber capacities range between 1 and 2 quarts. Once on the impeller plate, the waste is immediately forced to the circumference through the centrifugal force generated by the spinning plate.

My Jesus have mercy on the Souls  
of these Children

O gentlest heart of Jesus, ever present in the Blessed Sacrament, ever consumed with burning love for the poor captive souls, have mercy on the souls of Thy departed servants. Be not severe in Thy judgment but let some drops of Thy Precious Blood fall upon the devouring flames, and do Thou O Merciful Saviour, send Thy Angels to conduct Thy departed servants to a place of refreshment, light and peace. Amen.

May the souls of all the faithful departed, through the mercy of God, rest in peace. Amen.

Merciful Jesus grant eternal rest.

# A Silent 1,000 at Funeral Of 8 Young Crash Victims

Death  
Oct 25, 1956

By George Mills  
(Register Staff Writer)

SIGOURNEY, IA.—An anguished mother lay injured in the hospital here Saturday while the funeral of her eight small children was held before a silent overflow crowd in a country

The youngsters of Mr. and Mrs. Richard Hammes were killed Thursday in a train-car crash on a rural road. The tragedy was one of the worst in Iowa traffic history.

The parents are all that are left of the Hammes farm family of 10. The children were from 1 to 9 years of age. They included two sets of twins.

Mrs. Hammes, 38, was injured in the accident. She was driving the car. She was taking the older children to a nearby rural school.

## 1,000 at Rites

More than 1,000 persons attended the funeral at Saints Peter and Paul Catholic Church at Clear Creek east of here.

The eight simple white caskets were lined side by side in the church during the service. They then were gently borne on foot in a procession to the church cemetery about a block away.

The children were buried side by side in one large grave. Each casket was placed in a separate burial vault.

The weather for the solemn occasion was sunny and warm.

The condition of Mrs. Hammes was reported as good Saturday in the Keokuk County Hospital, although she was "deeply upset." Mrs. Leo Hammes, a sister-in-law, stayed with her while the funeral was being held.

MRS. HAMMES

The mother was taken on a stretcher Friday afternoon to see the children for the last time at a funeral chapel here. She had gotten the idea that the faces had been disfigured and she wanted to be reassured on that point. She called the children "my babies."

"It was a touching scene," one Sigourney resident said. "It was pretty rough on her."

The grief-stricken Mr. Hammes, 46, had to be supported as he entered the church for the funeral and to the nearby cemetery.

The children were Ronnie and Donnie, 9-year-old twins; Karen, 8; Linda, 7; Gary, 6; Rosemary, 3, and Vicky and Ricky, 1-year-old twins.

The children died Thursday morning when a Rock Island freight train and the Hammes automobile collided at a crossing on a gravel road near the Hammes home. The west-bound train carried the car more than 600 feet down the track. Vision east of the crossing is obscured by a bank and by vegetation.

## One Died Later

All the children suffered skull fractures, and two had broken necks. All were killed at the scene of the crash except Ronnie. He died 1½ hours later in the hospital.

## SERVICES —

where he was taken with his mother. She suffered cuts and severe shock.

The father was out picking corn at the time.

"Thursday started out as an ordinary day in the lives of these children," said Father William F. Wiebler in the funeral sermon.

"They got up and the older ones helped with the chores. They ate breakfast and got into the family car. Their mother was driving them to school, as she had on many other mornings.

"She was so concerned about the safety of her little ones that she took them with her in the car. She wanted them to be safe," he said.

## Became Special

"The car went up the gravel road to the railroad crossing. The ordinary day no longer was ordinary. It was a very special day. It was the day of their death."

Father Wiebler said that "the skies became black and filled with storm clouds" after the accident.

"Rain covered the face of the earth," he continued. "The heavens and the skies were weeping for these children taken from our midst. Then the skies cleared. So also is our sadness and sorrow mingled with joy.

"There is one great comforting thought I would leave with the parents. They took the children God gave to them. They will be self-sacrificing enough to give them back to God."

## From Matthew

Father Wiebler read a Bible verse from Matthew which tells of Rachel weeping for her children "and she would not be comforted for none is left." He then read another verse from Jeremiah which says:

"Thus saith the Lord: Let thy voice cease from weeping and thine eyes from tears . . . for thy children shall return unto their own borders."

"Will we not all some day return to our Father's house as these children have?" Father Wiebler asked.

The caskets were brought Saturday morning to the brick, tall-spired church three hearses, one each from Sigourney, Oskaloosa and Centerville. Four caskets were carried on one hearse and two in each of the other

The church bells sounded the caskets were carried in the church, one by one. Bernard Hammes, Don Hammes, Charles Hammes and Floyd Hammes, all adult relatives of the children.

## "Mass of Angels"

The "Mass of the Angels" was sung by Father Wiebler. He was assisted by the Rev. Msgr. N. J. Peiffer, Harper, Ia.; the Rt. Rev. Msgr. William B. Schmidt of Madison, Father M. J. D. mond of Harper, Father C. Kempker of Keota, Father R. J. Murphy of What Che, Father Leo Kuelbrich of Keokuk, Father LeRoy Bergth of Richland, and Father P. A. Kleinfelder, pastor of Clear Creek church. Father Wiebler is Father Kleinfelder's assistant.

Thirty-two children serve as pallbearers. Most of them were pupils in the Clear Creek parochial school. Some were pupils in the Plank township rural school to which the children were going at the time of the accident.

## A long line of automobiles

followed the hearses from Sigourney to the church Saturday morning.

The entire Sigourney and Keokuk county community was hard hit by the tragedy. A total of 2,470 persons viewed the funeral chapel Friday and Friday night.

## Sadly Quiet

The Hammes farm was a sadly quiet place after the funeral. It was difficult to realize that 8 children were running around the house a yard less than 4 days ago.

Skippy and Rusty, two little dogs, sunned themselves in the back yard. There was a little dump truck in the same place inside an old tractor tire.

A child's swing stand seemed strangely out of place in the front yard.

## Eight Children *Oct 25 1956* Killed In Auto- Train Accident

In one of the worst tragedies in Iowa history, eight children of the Richard Hammes family of near Sigourney met death in a train-car crash about two miles east of Sigourney last Thursday morning. The children were from 1 to 9 years old and included two sets of twins.

Mrs. Hammes was taking the older children to a country school near their home when the accident occurred. She, alone, survived the crash, and is in fair condition at the Keokuk County hospital in Sigourney. The children were Ronnie and Donnie, 9 year old twins; Karen, 8; Linda, 7; Gary, 6; Rosemary, 3; and Vicky and Ricky, 1 year old twins.

Funeral services were held Saturday morning at the St. Peter and Paul Church at Clear Creek with Father Wiebler, pastor in charge of the service.

Who best can describe the service than Father Wiebler in his own writing. We quote from him:

"Thus was fulfilled the word spoken by the prophet Jeremy: a voice was heard in Rama, lamentation and great mourning; it was Rachel weeping for her children and she would not be comforted because none is left."

It began as just an ordinary day. The children got up and the older boys helped their father with the chores while the mother dressed the little ones. After breakfast they piled into the family car for the regular trip to the little white country schoolhouse.

### "They Would Be Safe"

The little ones were taken along, even though they weren't old enough for school, because the mother wanted to be sure that "they would be safe." In her motherly solicitude she was afraid that something might happen to them if she left them home alone.

Down the graveled road the car traveled until it came to the railroad crossing. Then it was that the day was not just an ordinary day. It became a very special day: the day of their death.

Why? Why this terrible tragedy that wiped out an entire family of children, so that "none is left?" How could the good God permit such a terrible thing to happen? That is the question that racks and throbs in the brain of every person here this morning.

### LAST RITES

The answer lies in what happened after the tragic event. The priest was called, for Catholics know that the Church too is a mother and that she has motherly solicitude for her children, that "they might be safe." She baptizes them in her womb and she cares for them with the last rites as they prepare to depart this life.

Father was teaching in the little room at the school, telling the children about the justice and mercy of God. He sped to the scene of the wreck and there annointed those mangled bodies which had yielded up their souls. He consoled their griefstricken father and the bereaved mother who had had her children die in her very arms.

Then he went back to tell the children what had happened to their erstwhile friends and playmates, the Hammes children. And since they were children he told them a story.

### Flower Garden

This is the story that he told them: There once was a great king who had a beautiful flower garden in which there were flowers of every kind and description. One day he called his royal gardener to him and gave him eight new plants, of which there was none like in all the garden. He told the gardener to take these plants and care for them so that they would grow and bloom and add beauty to his garden. The gardener did as he was told. He planted the flowers beside his door and gave them special care. Every day he watered them. He protected them from the too harsh rays of the sun and from the gusty blasts of wind. He pruned off unwanted growth and sprayed them with insecticide. As he cared for them he grew to love them and regard them as his own.

One day, however, the great king was walking through the garden and he saw the flowers, just beginning to bud. He told the gardener to pick the buds and bring them into the palace where their beauty would add to the banquet table that night.

### Plucks The Flowers

The gardener did as he was told, but he wept to be plucking the flowers just as they were beginning to bud. His wife consoled him in his

weeping by reminding him that the great king knew a great deal about gardening. Perhaps he knew that a killing frost was coming that very night. If so, the buds already on the plants would be nipped and they would never come to bloom. As it was, then, the buds would give fragrance and beauty to the king's table, a thing they could never do if they were frostbitten or allowed to become withered and bedraggled on the stem.

After Father told that story to the children he asked them how it explained what had happened to the Hammes children. They knew. They said that the king was God, the gardener was Richard Hammes, his wife was Ruth Hammes, the garden was this earth and the place was heaven. The eight flowers were Ronnie and Donnie, Karen, Linda, Rosemary, Gary, Vicky and Ricky and when the flowers were picked by the gardener and given to the king it showed how Richard and Ruth gave their children back to God who had given them the children in the first place.

### Great Difference

There was one tremendous difference, however, that the children noted between the story and reality. The king had the flowers picked so that he would be happy, because he wanted their beauty and fragrance in his palace. But God took the children back from Richard and Ruth because he wanted to make the children happy forever in heaven.

On the same day as the accident, later on in the morning, the skies became overcast and the clouds broke open to shed rain upon the earth . . . almost as if the heavens were weeping over the terrible tragedy. Yet, before the day was over, the skies cleared, the sun broke through the clouds and sunlight was mingled with the rain.

### Sadness And Joy

So is our sorrow and sadness over the death of these children mingled with the joy that we have that they have returned to their Father's house. The Bible gives the reason for our joy in the midst of sadness. While Matthew describes Rachel weeping for her children, Jeremiah gives an answer in the verse following the one that Matthew quotes. It goes: "Thus saith the Lord: Let thy voice cease from weeping and thy eyes from tears . . . for the children shall return to their own borders."

The meaning is simply this: the children in dying are but returning to their proper homeland, to the home of their Father in heaven. Are we not all God's children and shall we not all one day return to our Father's house? Some of us will be as buds, plucked in our youth as these children were; some of us will be in full bloom, with the grace of God shining in our souls; some of us will be withered on the stem and never plucked for heaven but instead shall be thrown into the fires of hell.

One last thought. The gardener could have refused to take those plants. He could have said: "No, I have enough work to do already. Get someone else to do it." If he had said that he would never have come to know and love those plants as he did, but what is more those plants would never have come to bud, would never have been brought into the king's palace. So also if Richard and Ruth had refused to have these children from God, those children would never have been able to enter God's house and be happy with Him for all eternity. So then, let thy weeping cease, for these children have already returned unto their borders, they are

### Funeral Procession for Children

After services for the eight children of Mr. and Mrs. Richard Hammes, the caskets were borne on foot in a procession to the church cemetery about a block from Saints Peter and Paul Catholic Church. An overflow crowd of more than 1,000 persons attended services in the country church at Clear Creek east of Sigourney.

Soon Mr. Hammes and the relatives and neighbors returned from the funeral. Mr. Hammes regained some of his composure. Speaking calmly, he said:

"If even only one or two hadn't been taken, life would have been worth living. But they're all gone. Our little twins used to meet me at the door and I would have to take them and rock them in the chair. Our 3-year-old would meet me at the gate and I would carry her to the house.

"I miss them pretty bad, and it is going to get worse. And my wife is up there in the hospital..."

The house before long was filled with relatives and neighbors. As is the custom after a funeral, the visitors brought large quantities of food. A big dinner was served.

Mr. Hammes, a wool and fur buyer as well as a farmer, has known of highway tragedy before. His brother Howard was killed Nov. 3, 1953, in an accident southeast of Sigourney.

### Visits Mrs. Hammes

After the funeral of the children Saturday morning, Mrs. Cleo Conklin, of Harper, went to the hospital where Mrs. Hammes was being partly kept under sedatives.

"She wanted to know about the funeral," Mrs. Conklin related. "We told her everything was wonderful, that it couldn't have been nicer for something like that. She asked about the sermon. We told her it was the most beautiful sermon in the world. Her big worry was over her husband. We told her he was being brave."

Mrs. Conklin said the bereaved mother's biggest trial will come "when she has to go home to that empty house."

Father Wiebler visited Mrs. Hammes Saturday afternoon. He said the mother was somewhat better than she had been.

"I think she is resigned to God's will now," the priest said.

### Son Is Born to Mother Who Lost 8 in Auto Crash

<sup>15 Jan 1958</sup>  
SIGOURNEY—A couple whose eight children were killed in a traffic accident here 15 months ago have been blessed with another child.

They are Mr. and Mrs. Richard Hammes, whose eight children died following a car-train crash at a country crossing here on Oct. 25, 1956. The tragedy was Iowa's worst traffic accident.

Mrs. Hammes has given birth to a boy, Myron Richard, who weighs 10 pounds and two ounces. Two nuns who visited her said she appeared very happy, but too tired to talk much.

"We've been doing a lot of praying for you," one nun told Mrs. Hammes, who is 29 years old. Her husband is 47.

The fatal traffic accident occurred while Mrs. Hammes was driving her five older children to the country school they attended. She had taken the three younger ones along for the ride. Her car was hit by a freight train and seven of the children were killed outright. The eighth died a short time later in a hospital.

was just too heavy with grieving about the children. It had to give," Hammes said in a faltering voice. "She kept the grief all to herself. She never talked about what happened."

Hammes recalls the past like a man awakening from a frightening dream and wondering whether what he dreamed about could be real.

Explained a sister, Mrs. Cleo Conklin:

"He doesn't understand why he should have to bear it all. We don't understand either. The answer is with God."

### Remarkable Recovery

Hammes, his neighbors say, has been making remarkable recovery for a man whose large family, once his life, has been cut down.

"Richard is a very strong man — both mentally and physically. That helps," one neighbor remarked.

Hammes, his shock of red hair now flecked with gray, has found solace in faith and prayer, also in association with other members of his family and friends, all of whom are frequent visitors to the 9-room Hammes farmhouse.

**O c c a s i o n a l l y Hammes, once nicknamed "Jolly Richard," joins the laughter and merriment. His mouth smiles. His eyes don't.**

He smiles most when he's around his son, a sprightly 2-year-old. Hammes perhaps is a bit more doting than the average father.

"He's going to take over the business one of these days. You'll see," he said quietly. Then his eyes glistened with tears as he added:

"Ronnie would have been the fur buyer, Donnie the wool buyer . . ."

### Small Graveyard

The sound of the train whistle carried over the lush hills to Sts. Peter and Paul Church, a small country parish located at Clear Creek, about 10 miles east of the Hammes place on Highway 92 about three miles east of Sigourney.
